

New | Improved | Market-Ready

Ease of preparation | Convenience | Great Taste | Great Texture | Wide Range of Applications

It's Unique

- Sauce is in the lid
- Pasta is in the cup
- Sauce is deposited on pasta/rice before microwaving, so...
... Freshest possible taste – like restaurant quality

No other product offers "freshest" possible taste and perfect texture!

It's Innovative and patented

- Pasta (or rice, vegetables, purée...) and sauce are precooked
- The lid with sauce is sealed hermetically to the top of the cup
- The cup and contents are pasteurized in an autoclave/retort
- Hot and cold preparations

It's Fast and Easy for the Consumer: Turn, Heat, It's Ready!

- Pull tab to release lid from cup
- Turn lid 1/2 turn and sauce is released onto pasta/rice
- Microwave cup in carton for 1.5 minutes
- Dispose of lid, stir, and eat...
... Total elapsed time is < 2 minutes to freshest pasta/rice and sauce

It's Designed to be Easily Implemented by Licensee
