² The company uses a number of non-GAAP financial measures that management believes are important in understanding and evaluating the normal, recurring operations of our businesses. These measures are not a substitute for GAAP financial measures. Therefore, we provide a reconciliation of the non-GAAP measures to the comparable GAAP financial measures as follows:

- Operating earnings of \$754.1 million equals net income available to common stockholders of \$658.4 million adjusted for net realized (gains) losses of \$(95.7) million and other after-tax adjustments of \$0 million.
- Operating ROE of 14.8 percent equals net income return on average equity including accumulated other comprehensive income of 11.9 percent, adjusted for net unrealized capital (gains) losses of 1.6 percent, other after-tax adjustments of 0.5 percent, net realized capital (gains) losses of 1.3 percent, and net unrecognized post-retirement benefit obligation of (-0.5) percent.

³ Information as of July 2017.

⁴ RIS-Fee = Retirement and Income Solutions Fee, which includes Full Services Accumulation and Individual Variable Annuities.
